I meet you at Park La Brea
To see all the beautiful people
With their meetings
And their records
Well that don't impress me
No it don't

Cosmopolitons on the weekend
So lets meet to get a drink in
Well that don't impress me no

And so you said
You won't have to wait
And so you said
N you won't have to wait
Around here
Yeah (yeah) yeah (yeah)

I caught you drinking
Sunday morning
In Manhattan
I think you're tripping
Well that don't impress me
No it don't
Well that don't impress me
No it don't

Well that don't impress me
No it don't
