If I could have a single wish, I'd only wish to never miss  
it, when you wake up and smile. It makes me  
happy when you steal a little kiss before you wake me  
up to listen to the news for a while and when  
you're creeping out of bed I sneak a peek to see just  
what you were wearing last night or what was  
leftover from ripping off our clothes. I check to see that  
door was closed  
as you were turning out the lights

Whoever said romance was over  
roll over  
so I can show you  
don't you want me to be the captain of your submarine  
Up Periscope  
that's what I say  
that's just my way  
of saying that I love you (I do)

My life is like a bowl of cherries not so very ordinary  
overflowing with love, and I could never want  
for more unless our two became a four or maybe three  
if we practice it enough.

Whoever said romance was over  
roll over  
so I can show you  
don't you want me to be the captain of your submarine  
Up Periscope  
that's what I say  
that's just my way  
of saying that I love you (I love you)

Now I know that life is hard  
I know that love can break your heart  
that's just the way that it is  
well baby that's a load of smack  
don't you know I've got your back  
what's important is the way that we live  
And like that way you like this song  
because it makes you hum along and tap your foot  
to the beat

well that's the way you make me feel  
when we're doing it for real  
I can feel it from my head to my feet

Whoever said romance was over  
roll over  
so I can give you one more change to believe  
and hopefully see that I still want you  
don't you want me to be the captain of your submarine  
Up periscope  
that's what I say  
that's just my way of saying that I love you (I love you)
