Standing here, in the dark of my room  
Once again, I am thinking of you  
I will miss all the jokes and the smiles  
Are you now in a place that you like?

Strugglin' you did spend all your life  
Now is time to rest, all pain has died  
You have gone away from us, heading for a better life  
Beyond this crazy time

[chorus]  
Farewell my friend, this is my goodbye  
Fly away tonight on a pair of wings of fire  
We will meet again, on the other side

In the heart are the words I can't find  
Hail to you, this is all I can say  
I don't know if you can hear my song  
Watch me please from the heaven above

Reach the second star, the second to the right  
Straight ahead you sail, 'till the morning light  
Far beyond this world you go, heading for a better life  
Where all is good and quiet

[chorus]
