The way that I been talkin', the way that I been walkin'
Got niggaz in a daze and hoes, they amazed
Now how could I be stopped, some bars or some cops
Some haters or some glocks, this shit be tree!

In the presence of dealers and niggaz that don't care
Some niggaz that keep a quart and bust they glocks in
the air
My guillotine and infantry, they marchin' like troops
Bullets proof vests and choppers man fatigues and
boots

Keep my distance from busters, don't fuck around with
suckers
'Cause 'em all brand niggaz will get you fucked and
dealt with
For me, I don't play no games the 2000 John Wayne
Shoot 'em up, bang bang, up in here like Jesse James
D R A M A, don't want now days

It's drastic, it's drastic
Zippin' bodies in plastic, in plastic
Puttin' niggaz in caskets, in caskets
Nigga this shit is drastic, it's drastic
Zippin' bodies in plastic, in plastic
Puttin' niggaz in caskets, in caskets
Nigga, this shit is drastic, drastic

Nigga, where I live don't try me because I'm tree!
And I keep a chrome in case ya'll niggaz don't wanna a
test
What the fuck you than, gotta be about my bank
Ya'll niggaz be jawjakin, who me, I'm 'bout klik klakin'

And they steady bustin', it's time for repercussion
Keep my enemies close and, uh, act like I'm ghost
God be my chopper and always keep my strap
'Cause down here 'round here bring it on, why don't ya

It's drastic, it's drastic
Zippin' bodies in plastic, in plastic
Puttin' niggaz in caskets, in caskets

Nigga this shit is drastic, it's drastic
Zippin' bodies in plastic, in plastic
Puttin' niggaz in caskets, in caskets
Nigga, this shit is drastic, is drastic, is drastic

I got 12 barrels of C4 rocket launchers and grenades
Assassinated to show these that I'm made
Now who in the fuck gon' stop me I got power like a
gotti
Just call me Mr. Lou, the one that taught the rule

Leavin' niggaz delirious, this shit here serious
Niggaz runnin' into death like a bad case of diarrhea
And when the slug hit your chest, niggaz, you gonna
burn like on a grill
I told ya once, I told ya twice, this shit is drastic

It's drastic, it's drastic
Zippin' bodies in plastic, in plastic
Puttin' niggaz in caskets, in caskets
Nigga this shit is drastic, it's drastic
Zippin' bodies in plastic, in plastic
Puttin' niggaz in caskets, in caskets
Nigga, this shit is drastic, is drastic, is drastic
