Hey girl, how are things going out there in LA?  
Are you doing all right?  
Are you staying up late at night watching the city lights  
and where they shine like stars?\*

Just know, that I'm never too far.

I've been, thinking about you all day and it's driving me  
insane.  
Making my heart explode.  
I don't know why I am telling you all of this  
but I guess there's a part of me that just wants you to  
know

Everyday I wake up (everyday I wake up) and wonder  
why I'm still here  
I know that one day we're going to make it out of the  
small towns into the big ones\*  
I want you to know that I'll never let go of all your  
secrets, I'll always keep them

Sweetie, Hollywood is cruel\*  
but you're gonna be a star cause I can see you shine all  
the way from here.  
I don't know why I'm telling you all of this  
but I guess there's a part of me that just wants you to  
know

Everyday I wake up (everyday I wake up) and wonder  
why I'm still here  
I know that one day we're going to make it out of the  
small towns into the big ones\*  
I want you to know that I'll never let go of all your  
secrets, I'll always keep them

I know that one day we're going to make it out of the  
small towns into the big ones\*  
and I want you to know that I'll never let go of all your  
secrets, I'll always keep them

I know that one day we're going to make it out of the  
small towns into the big ones\*  
I want you to know that I'll never let go of all your

secrets, I'll always keep them
