You can dance if you like
So be home regardless
And it's a special night
But I'm used to this and I'm used to it

Put on your best dress (put on best dress)
Try your best to impress
Put on your heels (put on your heels)
Drink until you can't remember my name

It's long fall *when your obvious high
It's a long fall

This is how it feels to feel alone (this is how it feels to
feel alone)
This is how it feels to feel alone
I'll be happy one day

I've been calling for hours,
But you won't pick up your phone
Maybe if you were more like her
I'd never be alone
'Cause it's a long fall *when you're obvious high
It's a long fall

This is how it feels to feel alone (this is how it feels to
feel alone)
This is how it feels to feel alone (this is how it feel to
feel alone)
I'll be watching you sleep away
I've been watching you sleep away

This is how it feels to feel alone (I'll be watching you
sleep away)
This is how it feels to feel alone (I'll be watching you
sleep away)

This is how it feels to feel alone
This is how it feels to feel alone
This is how it feels to feel alone
This is how it feels to feel alone

*I don't know what he says. d:
