Behold her
That solitary maiden
Dancing and singing
A melancholy strain

In a voice so thrilling
There is a charm unknown
I'm leaving my flesh
I'm leaving my soul

I see her eyes
I love her smile
Finally I know
She's mine

Breaking the silence
Of a thousand valleys
I have discovered
The magic in her voice

I have looked upon
That brilliant creature
And now,
My heart is sore

Nothing
Lasts forever
We are bound
To die together

No
Il sole non e piÃ>
L'ombra
Di un cielo senza te

Vedo
Il mare un po' piu blu
L'onda
Che vive dentro me

Piangono

Stele su di noi
Siamo soli
E dentro c'Ã•
Un calore che...
Una luce...

Muoiono
I sogni mentre noi
Siamo soli
E dentro c'Ã•
Una forza che...
Un potere...

Life

Is still in my mind
Is still in my soul
Is still in my flesh
I'm reborn

Because I lied
Because I cried
Because I lived
Because I die

Rot inside
Pain is high
As I die
No one cries

Rot inside
Back to life
As I die
You are mine
