I want your love
Your scent, your touch
It's not enough to dream this
Baby I want your love
You smile, you go
But I could show
You what I'm made of
You're watching me from above

The wall comes down
The dawn shines out
I'm dying just to hold you
Dying just to hold you
The wall comes down
Your light shines out
I'm trying not to show you
I'm dying just to hold you

Dying just to hold you

Dying just to hold you

This stone, this heart
It falls apart
When you are gone
You know baby I want your love
A rag, a doll, would you install
As king of all
But maybe it's not enough
But baby I want your love

The wall comes down
The dawn shines out
I'm dying just to hold you
Dying just to hold you
The wall comes down
Your light shines out
I'm trying not to show you
I'm dying just to hold you

I'm dying just to hold you

I'm dying just to hold you

The wall comes down
The dawn shines out
I'm dying just to hold you
Dying just to hold you
The wall comes down
Your light shines out
I'm trying not to show you
I'm dying just to hold you

Dying just to hold you
