Lost again and all alone  
lost again for i should have known  
so many storms  
so many times ive died  
another goodbye  
(Chorus)  
crash and burn  
refuse to learn  
your only friend inside the scars  
that never mend  
this trip inside the dark  
the never ending rain  
kill the past  
nothings the same  
nothings the same

all the faces i once knew are gone  
days turn into years growing on  
so many storms  
so may time ive died  
(Chorus)2x
