"Queen Of Sorrow"

Hey now
I've stepped into the black
I say, hey now
I won't be coming back
I say, hey now
I've left it all behind
I say, hey now
Take a look but you won't find, no

{Chorus}:
Step outside this world
Where I'll be free
Step outside this world
Where I can see, oh
Queen of sorrow
And all this hell within
Oh I close my eyes and sit back
As I watch my end begin

Hey now
Void of sight and sound
I say, hey now
The spiral's always down
I say, hey now
There ain't no coming back
I say, hey now
I've stepped into the black now

{Chorus to end}
