Creep down to the waterline you're twisting away
The game is over you can't keep twisting away
Buy myself a rose at the end of the day
Please believe me you can't keep twisting away

She loves me, she loves me not
Whether, whether, whether she knows it
She loves me, she loves me not
Whether, whether, whether it's suicide

Shake the bottle out you're shaking it clean
You shake, yeah you can't keep twisting away
Crack me open do you know what I mean?
You shake, shake you're twisting away

She loves me, she loves me not
Whether, whether, whether she knows it
She loves me, she loves me not
Whether, whether, whether it's suicide

Slip outside of your mind
Slip the far side over the ice
Slide you're taking it on
Slip I hope you're not already gone

She loves me, she loves me, she loves me not
Whether, whether, whether she knows it
She loves me, she loves me not
Whether, whether, whether it's suicide

She loves me, she loves me not
Whether, whether, whether she knows it
She loves me, she loves me not
Whether, whether, whether it's suicide
