Transformers...

Something evil's watching over you
Coming from the sky above
There's nothing you can do

Prepare to strike, there'll be no place to run
When you're caught within the grip
Of the evil Megatron

Transformers
More than meets the eye
Transformers
Robots in disguise

Strong enough to break the bravest heart
We have to pull together
We can't stay worlds apart

Stand divided we will surely fall
Until our darkest hour
When the light will save us all

Transformers
More than meets the eye
Transformers
Robots in disguise
Transformers
Autobots wage their battle to destroy the evil forces of
The Decepticons

It's just one day and now we've made our stand
As from now the powers of darkness
Are driven from our land

The battle's over but the war has just begun
And this way we'll remain
Until the day when we are one

Transformers
More than meets the eye

Transformers
Robots in disguise
Transformers
Autobots wage their battle to destroy the evil forces of
The Decepticons
