We were friends  
Yet never all that close  
Two different people lord  
I guess yeah, I suppose  
Well I could see by the lines on your face  
So much on your mind  
Searchin' for someone, anyone, something to treat you  
kind

#### Chorus

I hope you found what you were lookin' for  
'Cause I haven't seen your face around here no more  
When did life become a chore  
When was it that you couldn't take it anymore  
With nothin' above you & nothin' below  
Couldn't cure the need for somewhere else to go  
I just hope ya found what you were lookin' for

Sweep all your fears  
Beneath the rug there on the floor  
she'd a new skin  
No longer insecure  
Your livin' harder yeh  
Harder than you know  
Tell me - how fast can ya burn?  
And how far can ya go?
