Communication
Screaming telephones
Modern living
In the urban terror zone
Advertising
Neo-honesty
Office androids
Tell you how you ought to be
Human sacrifice
A savage emblem
A token of the times
The pen is mightier
Than any social crime
No blade of passion
In this suicidal game

Just felt-tip talons
Tearing at your name
Human sacrifice
Situations
Tribal genocide
Dark streets like open wounds
Where Malakovsky died
They're selling madness
To stimulate the sane
The media razor falls
On the writhing social vein
Human sacrifice
