"I Only Find Rewind"

Days
Fading into years
Ticking off the time
Clocking up the fears
Every time
I try to find
The button labeled play
I only find rewind
I only find rewind
Sighs
That echo in the night
The darkness in your mind
That's searching for a light
Even now
When life is so unkind
I never lose control
I only find rewind
I only find rewind

It's the same every day
Life is slipping away
Rewinding - Rewinding again
Frames
Exposures in the night
A 2D memory
A subtle parasite
Deja vu
A thin dividing line
I never see the door
I only find rewind
I only find rewind
It's the same every day
Life is slipping away
Rewinding - Rewinding again
LEAD VOCALS - RRussell
