Mother of my dreams

Follow the winds of thy heart  
And reach the shore of passion

Mother of my sins

Follow the stream of thy blood  
And be the lord of yours desires

Mother of my dreams

Follow the vibes of thy body  
And ignore your thoughts

Mother of my sins

Follow the weaves of thy soul  
And live your life without a fear

Przyzwol, o matko milosci  
Szerafko trosk i radosci!  
Tak po swiecie niechaj wszedzie  
Twoja wladza wieczna bedzie!
