[verse 1]

you don't see me the same no more  
it's hard to see the light with closing doors  
don't treat me like, like i'm invisible  
your tone with me, it's not the usual  
we scream, we fight  
saying things that we both regret  
and that's not right  
that you could just forget me like that  
you've never tried  
always taking the easy route, always taking the easy  
route  
never wanting to work it out

[hook]

you want to be free  
you want to leave me  
i can't believe  
'cause without you baby i'm incomplete

[chorus]

am i erased?  
just a segment of your imagination  
i'm feeling replaced  
like a faded picture where you can't see my face  
I'm scratched out, erased, erased, erased 4x

[verse 2]

in memory of what we used to call love  
i reminisce what used to be us  
remember when, when i was the most  
important to you  
but now i'm a ghost  
the trust has died  
there's no way we can bring it back  
you live a lie  
with all those bars & strings attached  
cause in your eyes  
a part of you just want me back  
and all of me just wants you back, oh

[hook]

you want to be free  
you want to leave me  
i can't believe

am i am i...

[chorus]

am i erased?  
just a segment of your imagination  
i'm feeling replaced  
like a faded picture where you can't see my face  
i'm scratched out, erased, erased, erased 4x

[bridge]

can anybody see me  
see me now?  
i'm erased from the crowd  
so cold and i don't know how  
find me now

[chorus]

am i erased?  
just a segment of your imagination  
i'm feeling replaced  
like a faded picture where you can't see my face  
i'm scratched out, erased, erased, erased 4x
