I I I gotta
make make my way way way
through all of these people
I didn't plan to pay all this money just so so I I can see
ya
Im bout to act dog on fool
I'm just a dog on you

I'm about to bom bom chicky bump bump on you
Runnin it back: uoy no pmub pmub ykcihc mob mob ot
tuoba m'i

And I got tech-no-lo-gy
X-ray vision, any game I can see through
I get static every time you speak
Freakresuic gotta be equal
Im tired of playin
Cant even hear the shit you sayin
Cuz its like roun roun roun roun roun roun

Hologram
Im pushin up close but its hard to get to ya
Hologram
Theres a glitch in the system
Tell me what I gotta do now
Oh damn
Allusion, confusion
Im losin ground (ahh ohh oh oh)
Hologram (Hey hey hey heey)
Hologram (Hey hey hey heey)
Hologram (Hey hey hey heey)
Ohh ahh ooh oh
Hologram

You want me to flip the switch on so I I can be your
victim
I aint gonna slip up like you
outside in the rain with no umbrella
What the hell do you take me for
Ima take a different rout
[Hologram Ft. Chris Brown Lyrics On]

I'm about to bom bom chicky bump bump on you
Runnin it back: uoy no pmub pmub ykcihc mob mob ot
tuoba m'i

Bang bang chu chu train
Baby put that thang on me
You about to see my main frame
Out the cage
You bout to see another side of me
The city life
T minus 7 before my system shut us down
Matter of fact I think im bout to shut it down right now

Hologram
Im pushin up close but its hard to get to ya
Hologram
Theres a glitch in the system
Tell me what I gotta do now
Oh damn
Allusion, confusion
Im losin ground (ahh ohh oh oh)
Hologram (Hey hey hey heey)
Hologram (Hey hey hey heey)
Hologram (Hey hey hey heey)
Ohh ahh ooh oh
Hologram

Im tired of playin with you
Right now I think your times up
Givin mixed signals
That I dont have control of
Im losin my mind
Perfect model before my time
Download to my instant data
Give me a socket I can plug in now

Hologram
Im pushin up close but its hard to get to ya
Hologram
Theres a glitch in the system
Tell me what I gotta do now
Oh damn
Allusion, confusion
Im losin ground (ahh ohh oh oh)
Hologram (Hey hey hey heey)
Hologram (Hey hey hey heey)
Hologram (Hey hey hey heey)
Ohh ahh ooh oh
Hologram
