Like the wind you blow threw me  
Every time I see you smile  
your caress refreshes me  
Like a morning dew  
I'd never knew that you'd be  
All the things that I need  
Didn't know that you'd show me  
your emotion, so complete

Tell you all the nights I prayed for this day  
Curious about the way you'd feel  
Now that your here I'm asking myself  
How could you be real  
Today is here and yesterday is gone  
Don't you ever leave me alone  
Is it destiny, or is it fate  
or have I found my soul mate

Is this only the beginning  
Tell me is there more to come  
Let it be true that you are the, one I've waited for  
You've shown me hoe to see  
endless possibilities  
Loving the here and now  
Still I can't hardly wait

Can't tell you all the nights  
I've prayed for this day  
Curious about the ay you'd feel  
Now that your here I'm asking myself  
How could you be real  
Today is here and yesterday is gone  
Don't you ever leave me alone  
Is it destiny or is it fate  
or have I found my soul mate

My heart, Lead me, To you  
It's true and now we have to choose  
What to do with this blessing  
Sent from up above  
I'm so thankful for your love

Can't tell you all the nights  
I've prayed for this day  
Curious about the ay you'd feel  
Now that your here I'm asking myself  
How could you be real?  
Today is here and yesterday is gone  
Don't you ever leave me alone  
Is it destiny or is it fate  
or have I found my soul mate
