Playing hooky from class the big sinner
A hundred new followers on my twitter
They wanna friday follow me cause Im styling b'
The ill swag and im sicker than some allergies
Challenge me and I might just walk away, To go to BK
Cause Mishka is on the way, cop Supreme
With The Kick Fiends, nah mean Sb Dunks , OG J's, The
Bape Cream
Find me In soho with mad dough
Cop shit that you could never own
So I guess you better goin get that telephone
Amd try to sprint to my level
But my marietta on
Aye but now im on another level
Gucci or the Louie But the swagger still on bevel
Boss Maybach with Rick Ross
Hell of a Friday Craig & Daedae

So good
See Im'a Have It My Way

Woke Up In The Morning Like Today Goin Be My Day
Finest On Da Plate Like I Am The New Entree
I Feal Good On THis MothaLovin Friday Ayyy x2
One rule theirs no rules in my rules
Second rule is I rule and im cool
Yea, See I party with my Ed Hardy
Hardy har har cause it is a dead party
But its Friday and I don't give a shit
Id rather give a piss , Cause im stinking rich
And if you didn't know I forgot to mention
I got die heart fans and air condition
See im on a mission, Yea that pitcher pitchin
That bitch is bitchin, The illest competition
A yo dude listen, You hear what I am spitting
Mix-tape drop in three days iron kitchen
O, iron chef to the iron best
Iron Man for man is the myan chest
The Friday out he hood man like I fucking should
Slow me down man I wish a nigga would
So good
See Im'a Have It My Way
Woke Up In The Morning Like Today Goin Be My Day
Finest On Da Plate Like I Am The New Entree
I Feal Good On THis MothaLovin Friday Ayyy x2
