So you're done with dealing  
Yeah, so you don't say?  
Caught in the river  
The dam is broke  
But you just want to stay

Oh, we all got our reasons  
Oh, a story to tell  
Oh, you can look but you wont find it here, child  
Oh, no you wont  
Oh, nothings left but blood in the wall

You've been gone for so long now  
Save your pity, so thats what you say  
You were never caught in the river  
You broke the dam  
It's where you want to stay

Oh, we all got our reasons  
Oh, a story to tell  
Oh, you can look but you wont find it here, child  
Oh, no you wont  
Oh, nothings left but blood in the wall

So you're done with dealing  
Yeah, so you don't say?
