Lost again and all alone
Lost again for I should have known
So many storms, so many times I've died
Another goodbye

Crash and burn, refuse to learn
Your only friend that hides the scars that never mend
This trip inside the dark, the never ending rain
Kill the past, nothing's the same
Nothing's the same

All the faces once knew now all gone
Days turn into years, rolling on
So many storms, so many times I've died
Another goodbye

Crash and burn, refuse to learn
Your only friend that hides the scars that never mend
This trip inside the dark, the never ending rain
Kill the past, nothing's the same
Nothing's the same

Crash and burn, refuse to learn
Your only friend that hides the scars that never mend
This trip inside the dark, the never ending rain
Kill the past, nothing's the same
