Living, Fighting, Obsessing,
Just as long as I can share it all with you.
Yesterday, today tomorrow,
Come rain, come shine.
Hell and back, the beginning, inbetween,
Till' the end of time.
All that shines, turns to rust.
All that stands in time,
Turns to dust.
As above, so below.
You ain't no fool and honey I'm damn sure that you
know.
Yesterday, today tomorrow,
Come rain, come shine.
Hell and back, the beginning, inbetween,
Till' the end of time.
All that shines, turns to rust.
All that stands in time,
Turns to dust.
(oh no, no, no, no, no, no, no, no, no.. ah-ah)
(oh no, no, no, no, no, no, no, no, no.. ah-ah)
(oh no, no, no, no, no, no, no, no, no.. ah-ah)
(solo)
All that shines, turns to rust.
All that stands in time,
Turns to dust.
All that shines, turns to rust.
All that stands in time,
Turns to dust
