If I feel this feeling
If I let myself go deep again
Will you stay by my side, yeah
Cuz if I feel this feeling
Things will never be the same again
If planets collide I won't mind
I'll be fine

I can't see the sun anymore
I can't feel the ground anymore
I can't see the sun anymore
I don't mind
I'm by your side
And I feel fine

Are you my revelation?
Are you the answer to my question?
Or have I wasted my time, yeah
Cuz if I feel this feeling
Will you crawl out of your perfect skin
And climb into mine
Will you shine
Will you be my light

I can't see the sun anymore
I don't feel so down anymore
I can't see the sun anymore
But I don't mind
Your by my side
And I feel fine

Hey Michelle
You're too young to be alone
Hey Michelle
Is your heart still made of stone?
Hey babe,
Come and take me home
Hey Babe
I'm calling
Hear me calling

Cuz I can't see the sun anymore

I can't feel the dust anymore
I can't see the sun anymore
But I don't mind
I don't mind
Cuz I'm alright
Your by my side
I feel fine
