"Black Dog"

Hey, hey mama, said the way you move
Gonna make you sweat, gonna make you groove

Well, I like the way you shake that thing
Watch your honey drip, I can't keep away

My nerves are shy, are burning red
Dreams of you all through my head

A child who knows that I found out
What people mean my down and out

Well, I don't know, but I've been told

That a city livin' woman ain't got no soul (no soul, no
Soul)

Black dog, black dog, black dog
Black dog, black dog, black dog

You ain't nothing but a black dog, cryin' all the time
You ain't nothing but a black dog, cryin' all the time
You ain't never caught a rabbit
And you ain't no friend of mine, black dog
