Woman

Girl, I've known you very well
I've seen you growing everyday
I've never really looked before
But now you take my breath away

Suddenly you're in my life
And part of everything I do
You got me working day and night
Just trying to keep a hold on you

Here in your arms I found my paradise
My only chance for happiness
But if I lose you now, I think I would die

Say you'll always be my baby
We can make it shine
We can take forever
Just a minute at a time

More than a woman
(More than a woman)
More than a woman to me

More than a woman
(More than a woman)
More than a woman to me

There are stories old and true
'Bout people so in love like you and me
And I can see myself
Let history repeat itself

Reflecting how I feel for you
Thinking 'bout those people
Then I know that in a thousand years
I'd fall in love with you again

This is the only way that we should fly
This is the only way to go
Now if I lose your love you know I would die

Say you'll always be my baby
We can make it shine
We can take forever
Just a minute at a time

More than a woman
(More than a woman)
More than a woman to me

More than a woman
(More than a woman)
More than a woman to me

Say you'll always be my baby
We can make it shine
We can take forever, babe

More than a woman
(More than a woman)
More than a woman
(More than a woman)
More than a woman to me

More than a woman
(More than a woman)
More than a woman to me

Say you'll always be my baby
We can make it shine
We can take forever
Just a minute at a time

It's not unusual to be loved by anyone
(More than a woman)
It's not unusual to make love to anyone
No, no, no
[Incomprehensible]

More than a woman
(More than a woman)
More than a woman to me
