Listen to the ground, there is a movement all around  
There is something goin' down and I can feel it  
On the waves of the air, there is dancin' out there  
And if it's something we can share, we can steal it

Sweet city woman, she moves through the light  
Controllin' my mind and my soul  
Reach out for me, girl and the feelin' is right

Night fever, night fever  
We know how to do it  
Night fever, night fever  
We know how to show it

Here I am, waiting for this moment to last  
Livin' on the music so fine  
Born on the wind, making it mine

Night fever, night fever  
We know how to do it  
Night fever, night fever  
We know how to show it

In the heat of our love, don't need no help for us to  
make it  
Gimme just enough to take us into the mornin'  
I got fire in my mind, I got higher in my walkin'  
And I'm glowin' in the dark, I give you warnin'

Sweet city woman, she moves through the light  
Controllin' my mind and my soul  
Reach out for me, girl and the feelin' is right

Night fever, night fever  
We know how to do it  
Night fever, night fever  
We know how to show it

Here I am, waiting for this moment to last  
Livin' on the music so fine  
Born on the wind, making it mine

Night fever, night fever  
We know how to do it  
Night fever, night fever  
We know how to show it

Night fever, night fever  
We know how to do it  
Night fever, night fever  
We know how to show it

Night fever, night fever
