You get up every morning from your alarm clock's  
warning  
Take the 8:15 into the city  
There's a whistle up above and people pushin', people  
shovin'  
And the girls who try to look pretty

And if your train's on time, you can get to work by nine  
And start your slaving job and get your pay  
And if you ever get annoyed, look at me I'm self-  
employed  
I love to work at nothing all day

And we'll be taking care of business everyday  
Taking care of business every way  
I've been taking care of business, it's alright  
Taking care of business and working overtime, work  
out

If it were easy as fishin', you could be a musician  
If you could make sounds loud or mellow  
Get a second-hand guitar, chances are you'll go far  
If you get in with the right bunch of fellows

People see you having fun just a-lying in the sun  
You tell them that you like it this way  
It's the work that we avoid and we're all self-employed  
We love to work at nothing all day

And we been taking care of business everyday  
Taking care of business every way  
We've been taking care of business, it's alright  
Taking care of business and working overtime, work  
out

Taking care

They get up every morning from your alarm clock's  
warning  
Take the 8:15 into the city  
There's a whistle up above and people pushin', people  
shovin'

And the girls who always look pretty

And if your train's on time, you can get to work by nine  
And start your slaving job and get your pay  
Well, if you ever get annoyed, look at me, I'm self-  
employed  
I love to work at nothing all day

And I'll be taking care of business everyday  
Taking care of business every way  
I've been taking care of business, it's alright  
Taking care of business and working overtime, work  
out

Takin' care of business, alright  
Takin' care of business  
Takin' care of business

Takin' care of business, everyday  
Takin' care of business, ba-ba-baby  
Takin' care of business, it's all mine  
Takin' care of business

And we'll be takin' care of business all night long  
There's business to be done
