Gasp for air as the fact hits home another goal blown
One down no more to go
Whatever will I say to explain this
Slip up fucked up and I've hitched my limit up
Too high for too long lest
I dare go on give me that nudge
It's ok it's fine it's alright
But you just can't let it go let it go
JUST LET IT GO

It doesn't matter what I achieve
Without the papers I'm not for real
Ain't that something I can't believe
That you're so numb that you can't see

This dream I hold close before I blow
I'd like to know what keeps me dissatisfied
And lord knows I tried but I can't hide my ability
Simply 'cause I used to be your little genius
Always the first one finished
Ace all up in my face with results
And this and that and always on my back
CUT ME SOME SLACK
I can't be what I was willing and able to
But that's gone move along you keep pushing rewind
And damn it that's not right
But you just can't let it go let it go
JUST LET IT GO

It doesn't matter what I achieve
Without the papers I'm not for real
Ain't that something I can't believe
That you're so numb that you can't feel

Life doesn't get any better than this
Life doesn't get any better than this
Life doesn't get any better than this - shit
Life doesn't get any better than this
