I am so hard
coming down on
your face when I
find myself now

I'm depressive enough to fuck now

I've been so bored
looking down on
your shit fucking
everything now

I'm depressive enough to fuck now

you better check yourself

you better check yourself before you wreck yourself
cuz this type of shit is kinda bad for your health
It'll come back to you like it did just for me
check my status and what do I see
well what do you know all of a sudden it's real good
you better get on down like a real groupie would
I got it made don't matter what I do
as long as I don't end a slut like you

I'm depressive enough to fuck now
depressive enough to fuck
