The sea rushes in as demands are set
Realize what's next and I can just taste the bitter end
Ran out of fall guys?
No rationalizations left to sell?
I've take everything so I can take the blame as well

But all I need
Is one reason to convince me you deserve

Everything I bled for
Come on and pilfer it like the thief you are
Just don't expect me to take it lying down
Fight the good fight
Until I bring you to your knees
And should that fail to work, I'll blow this spot to
smithereens

Relentless attacks on false integrity
Aim real low, kick the Achilles' heel
All your reasons lend you precious little pull
And history will pay you back in full

But all I need
Is one reason to convince me you deserve all of this
All of this

You'll never take this strip from me
Not while I breath, not while I see
You must be out of your mind
If you expect me to give in, to give up, to comply
The nerve of you barging in like that
And trying to press me
To give in, to give up

Everything I bled for
Come on and pilfer it like the thief you are
Just don't expect me to take it lying down
Fight the good fight
Until I bring you to your knees
And should that fail to work, I'll blow this spot to
smithereens
