I'm breaking down inside
I'm sick and tired of this life
I cannot take these lies
Holding on to what is gone
Strung out all the time
And there is nothing to gain
So what if I'm to blame
You're the one who holds the shame

Save me, save you,
I feel the truth,
What do I have to go through?
Take me, take you
I feel the truth,
A place I've never been to
Tear me out, throw me out, Tear me down now
But know that I'll be free,
Tear me out, throw me out, tear me down now
But know I'm not who I used to be

So much stronger now
Now that I've let this all go
It's time to live this life
Let me see what I can do
I can't promise you
But I will try my hardest
This is my new design
Make the best of what i've got

Save me, save you,
I feel the truth,

What do I have to go through?
Take me, take you
I feel the truth,
A place I've never been to
Tear me out, throw me out, Tear me down now
But know that I'll be free,
Tear me out, throw me out, tear me down now
But know I'm not who I used to be

Can I lock myself outside this?

Can I reach myself inside?
Can I turn my back forever?
And never wonder why?

Save me, save you,
I feel the truth,
What do I have to go through?
Take me, take you
I feel the truth,
A place I've never been to
Tear me out, throw me out, Tear me down now
But know that I'll be free,
Tear me out, throw me out, tear me down now
But know I'm not who I used to be

I will not break inside
I see the truth in myself
No longer will I bleed
Make the best of what I've got
