because of you, because of you  
even though I said we're through  
It's all because of you, Nikki  
she told me she would always be there  
and I believed her, believed her  
This girl was no good for me  
she had so many secrets, secrets..yeah  
Even though she wasn't my main girl  
I was still committed, it was me and you  
you said you wouldn't tell  
but you saved my voicemails  
but I always knew  
(Chorus)  
So now cry 'till you drown your face  
and bitch I give a damn how harsh this may seem  
I'm here to put your heart in its place  
chained up at the bottom of the lake  
Now let the waterfall, abyss. (x8)  
I was the innocent bystander  
she had etiquette, she had good manners  
Pretty little thing, great little body  
never in magazines, never at after parties  
and I could sense it then, but it didn't matter  
As long as me and you were together

thought it was better than that

I'll never let you back to me

tell your boy at US weekly

I sent your photos to TMZ  
Now cry 'till you drown your face

and bitch I could give a damn how harsh this may seem

but I'm here to put your heart in its place

chained up at the bottom of the lake  
Now let the water fall, abyss. (x9)  
(background)  
If only the sun would come

and dry the water away

but you're in the abyss, my lady

and you wont see another day  
Now cry till you drown your face

and bitch I could give a damn how harsh this may seem

but I'm here to put your heart in its place (uh)

chained up at the bottom of the lake

Now let the water fall  
(background)  
If only the sun would come (water fall)

and dry the water away (now let the water fall x10)

but you're in the abyss, my lady

and you won't see another day (x4)  
(Overlap)  
Oh damn it baby

oh yeah baby (x3)

you won't see it

oh-oh-oh-oh-oh-oh-oh-oh

oh no, oh no

oh no, no, no, no, no, no, no, no, no  
If only the sun would come

and dry the water away

but you're in the abyss, my lady

and you won't see another day
