Through the sheets, she climbs her way up to this bed
singing melodies
Run my fingers in her hair and say come to me
First there is a no, then she says yes baby
She's the Dream of a billion men
Go girl ayyyyyyyy hiiiiiii iii
Go girl ayyyyyyyy hiiiiiii iiiii

(Chorus)

See she made her way from nothing
Can't fault her for wanting something
She loves men that can afford (yea)
She wants to, live fancy
Trips to Monaco, designer names from head to toe
(they're fancy)
On planes that fly clear across the roaming skies
Brilliant cars, Spend evenings among the stars (live
fancy)
Diamond rings ooh ooh ooh o
All those things... live fancy (4x)

She spends her time
Aboard yachts if not, somewhere tasting wine
In Paris seducing me while we dine
She's only 23, but ahead of her time
She's the Dream of a billion men
Go Girl

(Chorus)

See she made her way from nothing
Can't fault her for wanting something
She loves men that can afford (yea)
She wants to, live fancy
Trips to Monaco, designer names from head to toe
(they're fancy)
On planes that fly clean across the roaming skies (live
fancy)
Brilliant cars, Spend evenings among the stars (live
fancy)
Diamond rings ooh ooh ooh o
All those things... live fancy (4x)

Cause of me all she do, is walk around in Italian shoes
She's probably a girl you used to know
I can see her beauty with both eyes closed
But you didn't notice she fell in love with what she
noticed
That I'm fancy

(Chorus)

Trips to Monaco, designer names from head to toe (I'm
fancy)
On planes that fly clean across the roaming skies (I'm
fancy)
Brilliant cars, Spend evenings among the stars (I'm
fancy)
Diamond rings ooh ooh ooh o
All those things... (I live fancy) (8x)

(Bridge)

You can be from the hood, but I know you wanna live
(fancy)
East Side, West Side, South Side, but you wanna live
(fancy)
She's wit me, cuz she wanna to live (fancy)
I'm with her, cuz she's B.e.a.u.t.i.f.u.l.
(And you know I can't deny her)
... and deserving
She's deserving
