Give it your all girl

Give it all you got

You can take your chance

And take your best shot

Say what you want girl

Do what you do

He's never gonna, gonna make it with you

You're pulling petals off a flower

Trying to get your way

Keep pulling 'til it says what you want it to say

Girl you can pick a field of daisies

But he'd still be my baby

I know you can hardly wait 'til I'm away from him

Instinctively I know what you're thinking

You'll be giving him an open invitation

But my baby won't be taken in, no

You can pout your cherry lips

Or try to tempt him with a sweet kiss

You can flut your pretty eyes

He ain't got his hands tied

Chorus:

No chains to unlock

So free to do what he wants

He's into what he's got

He loves me, he loves you not

No matter what you do

He's never gonna be with you

He's into what he's got

He loves me, he loves you not

You're the kind of girl that's always up for do or dare

Only want him just because he's there

Always looking for a new ride

The grass is greener on the other side

You're the kind of girl who's not used to hearing no

All your lovers try to take you where you wanna go

Doesn't matter how hard you try

Never gonna get with my guy

Chorus

Doesn't matter what you do

He's never gonna be with you

Give it all girl, give it all you got

Take a chance and take your best shot

Say what you want girl

Do what you do

He's never gonna make it with you

You can pout your cherry lips

Or try to tempt him with a sweet kiss

You can flut your pretty eyes

He ain't got his hands tied

Chorus 2x
