Dear heavenly father,
I come to you today, humbly as i know how
I praise you and lift your name up
I know it is only because of you i made it this far
I look at my life knowing that my days are precious and
that nothing is forever
As i move foreward on the journey I learn to take what I
need and keep it moving
I realize my talent are a gift from you and what I do
with them is my gift back to you
i want to give back to you
and i know some times i go astray, but I'll always come
back
because I love you
because I love you
because I love you
because I love you
In your precious name I pray
(all together) Amen
