Yeahhhh

You touch me baby
Then you untouch me baby
You feed me your lies
Words like pie
You want me baby
Then you unwanted me baby
Outsmart me baby
& now I'm all crazy

But I should be ashamed
'Cause I let
You do me this way
& it's unfortunate
That when you're in love
You never use

The right side of your brain
Right side of your brain
Right side of your brain
Right side of your brain
Right side of your brain
Right side of your brain
Right side of your brain
Right side of your brain
Right side of your brain

You love me baby
Unlove me baby
You lead me on
You lock the doors when loves home
You heart me baby
Then your hardly baby
You need me baby
Then you send me gone
You'll say I'm your friend
Up until the end
When you tell it baby
You know how to sell it baby

But I should be ashamed
'Cause I let
Let you treat me this way, can't lie
It's unfortunate
That love never lets me use

The right side of your brain
Right side of your brain
Right side of your brain
