This is me, this is me, this is me

uh yeah

oooooh yeah

oh whoa

c'mon

She stole your heart

Only did it because she could

Chewed you up and spat you out

That girl never was no good

Baby i would never do that

I love you faithfully

But your suspicious mind thinks

I'm gonna repeat her story

(Bridge)

It's makin' you crazy

Makin' you a wreck

Makin' you follow me

Makin' me a suspect

Seem to think i'm playin' her game

Don't you know my name?

(Chorus)

That was her

This is me

We're different as can be

She and I are nothing alike

Your confusing day with night

That was then

This is now

You wanna trust me

But you don't know how

I'm never gonna mess around,

Let ya down, can't ya see

That was her and baby this is me

Stop makin' me feel bad

I'm the best thing you ever had

Only thing I'm guilty of

Is given you too much love

It's makin' you crazy

Makin' you a wreck

Makin' you follow me

Makin' me a suspect

Seem to think i'm playin' her game

Don't you know my name?

That was her

This is me

We're different as can be

She and I are nothing alike
Your confusing day with night
That was then
This is now
You wanna trust me
But you don't know how
I'm never gonna mess around,
Let ya down, can't ya see
That was her and baby this is me
Don't suffocate me
Give me some space
Dont make me pay for all her mistakes
Believe in the love thats in my kiss
Don't see things that dont exist
That was her
This is me
We're different as can be
She and I are nothing alike
Your confusing day with night
That was then
This is now
You wanna trust me
But you don't know how
I'm never gonna mess around,
Let ya down, can't ya see
That was her and baby this is me

That was her

This is me

We're different as can be

She and I are nothing alike

Your confusing day with night

That was then

This is now

You wanna trust me

But you don't know how

I'm never gonna mess around,

Let ya down, can't ya see

That was her and baby this is me
