What we gonna do about us  
What we gonna do about us  
What we gonna do about us  
What, what, what, what

All of this time  
You were standing in front of my face  
It doesn't matter because I knew what it was  
You around me made me feel that way  
We used to be good friends  
But some good things come to an end  
Maybe that's when true love can begin  
And go all the way, yea oh yeah yea yeah

Baby never thought the day would come (what, what)  
Tired of being too young (too young)  
Where's this feeling coming from (yeah)  
Like the way I'm feeling now (feeling now, now)  
I never thought that this would be (what)  
It's been bothering me (oh yeah)  
Baby tell me can we be, together forever...

*[Chorus:]*

Tell me what we gonna do about us  
(What we gonna do about)  
Let me know if this is real love (real love)  
Let me know if I've found the one  
Are you standing right here baby (right here baby)  
Tell me what we gonna do about us  
(What we gonna do about)  
Let me know if this is real love (oh yeah)  
Let me know if I've found the one  
Are you standing right here baby

What we gonna do  
Now you know how I feel about you  
Think is time you made up your mind  
Cause I've already made up mine  
Oh it won't be long  
Cause right now you can do me no wrong  
Cause I like what I see, I know what I like  
You tell me right now

Baby what's it gonna be, oh yeah...

Baby never thought the day would come  
(Never thought the day would come)  
Tired of being too young (tired of being too young)  
Where's this feeling coming from (yeah)  
Like the way I'm feeling now  
I never thought that this would be  
(Never thought that this would be)  
It's been bothering me (oh yea yeah)  
Baby tell me can we be (c'mon) together forever...

*[Chorus:]*

Tell me what we gonna do about us  
(Oh what we gonna do about us)  
Let me know if this is real love  
(Let me know if this is real love)  
Let me know if I've found the one (found the one)  
Are you standing right here baby (right here)  
Tell me what we gonna do about us  
(What we gonna do)  
Let me know if this is real love (real love)  
Let me know if I've found the one  
Are you standing right here baby  
(Are you standing here, here, here, here...)

*[Bridge:]*

When I first laid eyes on you (laid eyes on you)  
All my dreams had just come true (had just come true)  
And I never imagined what love could really be about  
Who, ever knew you'd be the one (you'd be the one)  
Where did all of these feelings come from (where they  
come from)  
And I think we have a lot of things to talk about (oh  
whoa...)

*[Chorus:]*

Tell me what we gonna do about us  
(Oh what we gonna do about us)  
Let me know if this is real love (know this is real love)  
Let me know if I've found the one  
Are you standing right here baby (right here baby)  
Tell me what we gonna do about us  
(What we gonna do about us)  
Let me know if this is real love (c'mon)  
Let me know if I've found the one (Dream)  
Are you standing right here baby

Tell me what we gonna do about us  
(What you gonna do)  
Let me know if this is real love

(Let me know if this is real love)  
Let me know if I've found the one  
Are you standing right here baby (right here baby)  
Tell me what we gonna do about us (do about us)  
Let me know if this is real love  
(Let me know if this is real love)  
Let me know if I've found the one...
