Time itself  
Is bringing down  
Our ride  
We're on the ground  
We've almost made it  
Hard to find a way  
To say goodbye  
And yet  
The final kiss  
Betrayed it

In the shadow  
Of the world  
Outside  
Don't let it  
Darken down  
Your eyes  
You never  
Could have  
Second prize

Out into the world  
On shaking ground  
And leaving  
All the lights  
Behind us  
From my arms  
Where no warmth  
Could be found  
Just the love  
That had confined us

In the shadow  
Of the things  
You know  
Don't ever think  
Of letting go  
No, not for  
Second prize

Time is up

And bringing  
Down our ride  
We're almost down  
The music's  
Ending.
