How more evil must be met ?  
How many times'til we forget ?  
I don't know who has the answer,  
All these times are so sinister.  
They promised us a new world,  
All I see is that it's worst:  
New order, what a joke,  
I can't even laugh...  
They control us more everyday,  
And the facts are here,  
Can't you sense the fear ?  
They will know every move you  
Made,  
They will know every word you said.  
Together! Just say no to this  
Nightmare...

In the name of life, we are strong  
And free,  
We like what we are, it's our way  
To be.  
No one again will control our mind.  
The masses have fallen.  
Can't you hear us screaming ?!?

Join us !  
We hold the key to our destiny,  
It belongs to ourselves,  
It's our strength to be.  
Join us!  
Refuse and resist, don't accept their  
Will !  
We will not compromise, we will  
Fight,  
We will cry, we will die but not as  
Slaves...

As the darkness falls,  
Don't believe their lies,  
Act now, and waste no time...  
'Cause they won't forget you,

They're hunter and they will get you,  
Anytime, anywhere !  
Try to do the best you can,  
To avoid their conformism,  
You are free to chose your life,  
Don't let the chance pass you by.  
If you do want to be someone,  
Join us, you should not regret.  
Stand up! And find yourself free  
Again !

[pre chorus]

[chorus]

What will make them realize  
That their kingrom of certitude  
Is just a kingdom of lies !

[chorus two times]
