Sinister plot, not like the rest of the book  
A bit more in depth, mysteriously at the first look

You shall not steal, you shall not rape, you shall not kill!  
There's something, There's something, There's

Chapter 6(66)

Though some, remains the same, just like an evil  
dream  
Turning a page, enter a new world and a plot  
You think you have solved it but then again not..
