Nowhere to run nowhere hide
One way or another the vengeance is mine!
Now is the time for the battle to start
No wizard's spells, no demons will hold me back

Here me now I ride upon my horse
Fight me!!! I will bring glory to my lord
As I rip out the dragon's heart!

Vengeance of steel, is what you will get
Say your last prayers you're going to hell!!!
Now is the time for the battle to start
My burning arrows will strike right through your heart

Here me now I ride upon my horse
Fight me!!! I will bring glory to my lord
As rip out the dragon's heart
