The search is over, I'm finally there
Thousands of caves, I've been everywhere
Got nowhere to hide now
Your days are over!
You choose your weapon now**
I choose the field
Let's get it straight!**

Fight for your life!
Soon you will die!
Stand up and fight!
Fight for your life!

Blood everywhere, swords up the sky
Wings of the beast lie on the ground
Soon you will die!!!

Thunder and lighting, fire and storm
On the 7th day Heavy Metal was born!
The power strikes through me**
Your days are over
You choose your weapon**
Now I choose the field
Let's get it straight!**

Fight for your life
Soon you will die
Stand up and fight
Fight for your life

Took my sword up
Opened up the dragon's chest**
Ripped it's heart out, gave it eternal rest**
Got nowhere to hide now,**
Your days are over
You choose your weapon now
I choose the field
Let's get it straight!**
Fight for your life!
Soon you will die!!!
Stand up and fight!

Fight for your life!

Blood everywhere, swords up the sky**
Wings of the beast lie on the ground**
Soon it will die!!!**

Reflecting steel, cuts through the flesh
It shows it's fear, death is in the air!!!
