When ever you are lonely
Just pick up ya cell and phone me
I can show you the life that you don't see
Trust me don't think girl just call on me

When ever you are lonely
Just pick up ya cell and phone me
I can show you the life that you don't see
Trust me don't think girl just call on me

I'm ya scentist right chemistry girl I studied you
Made you feel comfortable just one of da things
I lov' da do lets talk one on
One aint that what buddies
Do you can call me "day n night"
"kid cudi" you I wont ignore your
Calls girl ima pick it up
Like where you at, ya needa ride ima pick you up

And we can chill at the bar talk and sip uh cup
Hit the mall treat you like uh barbie
And fix you up, I can show you rome
You can be my julliet. pure beautiness skin
Soft as uh silawet, girl I bet you stressed
You upset about your ex,

But I can dry your eyes when you
Make the pillow wet and when she hear
My voice she say I make her middle wet
Girl I'm ya drug I kill ya stress you wont
Need uh cigarette after you finish sexin it's
Back to gettin' tested, if your far you can
Call me collect.

When ever you are lonely
Just pick up ya cell and phone me
I can show you the life that you don't see
Trust me don't think girl just call on me (x2)

When you feeling upset and you needa
Compliment you can call me and yell my name
Like my mama n'em I'll be quick to answer like

You asked me a question let my words speak to
Your soul like uh blessing . babygirl you can
Call me when you need me.

I can see your beautiful just by your voice
Like "stevie" and I wonder what you would do
When you see me hope you let me put it in
Would it spin like my cd?

Spin you like a frisbee, wont stop til' I get deep
Enough into touch your kidneys I'm fishing
For a big bass of pirhana will that ass
Get trapped in your net, rock your boat til' it crash?

Mami know I got them haters but she still
Answer everytime like an opperator
She gon' play doctor later
