I've been waiting
For a sign to lead the way
And to take me there someday
Even maybe
I will not return again
Deep inside I'm feeling blue

Let us all go to this land that's far away
Don' be frightened - You're not alone

Children of the night
Searching for the light
Far away
Children of the night
Searching for the light
Far away

I'm still waiting
For a call to lead me there
I've been living in despair
Night is falling
Feel the darkness closing in
There is no way out of here

Let us all go to this land that's far away
Don' be frightened - You're not alone

Children of the night
Searching for the light
Far away
Children of the night
Searching for the light
Far away

In a night - In a dream
You have always seemed to be
Take my hand - Don't be scared

One can never be prepared

Children of the night
Searching for the light

Far away
Children of the night
Searching for the light
Far away

In a night - In a dream
You have always seemed to be
Take my hand - Don't be scared
One can never be prepared
In a night - In a dream
You have always seemed to be
Take my hand - Don't be scared
One can never be prepared
In a night - In a night
In a dream - In a dream
In a night - In a night
In a dream - In a dream
In a night - In a dream
You have always seemed to be
Take my hand - Don't be scared
One can never be prepared
In a night - In a dream
You have always seemed to be
Take my hand - Don't be scared
One can never be prepared
