Just who do we think that we are, anyway  
I leave it to you, Assume away  
It's Better to burn out - than fade away  
We don't care, we don't care what they have to say

They calleth us Anti-Christ  
Cause we are evilized  
they try to have us stoned  
up from their mighty throne  
but can't they see the fun  
in it apparently not  
but do we care a lot  
No no no!

We've been accused of selling out too cheap  
They look for the answers way too deep  
The king is dead - long live the king

It don't mean, it don't mean, it don't mean a thing...

They calleth us Anti-Christ  
Cause we are evilized  
they try to have us stoned  
up from their mighty throne  
but can't they see the fun  
in it apparently not  
No no no!
