Satan, I promised you my soul  
Master, I gave you full control  
Now I changed my mind  
I want to be free

Judas, he had something to sell  
Still you did send him straight to hell  
You just made him burn  
Nothing in return

Why don't you listen to me?  
Show me the door, give me the key  
Unchain my soul  
Please set me free

(Let me out)  
Out of this prison  
(Scream and shout)  
Somebody listen to what I have to say  
To free my mind

(Let me out)  
I have a vision  
(Scream and shout)  
Impossible mission  
To clear my soul, let go and press rewind

Darkness and hate took over me  
I live my life in misery  
Sold my soul too cheap  
Please give it back

Find it before it is too late  
Give me the key to my escape  
I am not the one, please let me go

Once more I'm being blessed  
My horrifying days has passed  
Now I am free to live my life

(Let me out)  
Out of this prison

(Scream and shout)  
Somebody listen to what I have to say  
To free my mind

(Let me out)  
I have a vision  
(Scream and shout)  
Impossible mission  
To clear my soul, let go and press rewind  
To clear my soul, let go and press rewind

Now I'm back to where I started  
Fresh as one can be  
I am just as broken hearted  
As the man I used to be

Do I really want this weakness?  
Do I really want this pain?  
Want to live my life in success  
So I sold my soul again

(Let me out)  
Out of this prison  
(Scream and shout)  
Somebody listen to what I have to say  
To free my mind

(Let me out)  
I have a vision  
(Scream and shout)  
Impossible mission  
To clear my soul, let go and press rewind
