[japanese bonus track]

Who I once was I do not know  
Starting from scratch as Johnny Doe  
I have no name or number  
No family nor friends  
No one on which I can depend

I'm no enemy  
Just a man who've forgotten his past I have no identity  
All is blank, my memory's gone with the wind

Seem to have lost my mind somewhere  
Can't seem to find it anywhere  
People are staring at me  
With fear in their eyes  
Children are crying at my sight

I'm no enemy  
Just a man who've forgotten his past, why all this  
Hostility won't you please tell me what I have done  
This witch-hunt can't go on anymore  
Can't you see - this pursue is killing me  
Leave me alone, I'm not the NME, NME!

I'm no enemy  
Just a man who is asking himself who am I no enemy  
Just a man who is asking himself who am I  
No enemy I'm your friend  
You're no enemy - be my friend
