Late at night, awake and alone
I count the stars in the sky
Every cloud that rolls by
And I think of you, I whisper, I wish
With everything that I am
I'll do all that I can

Cause baby I, I just want you to see
That baby you mean the whole
World to me

It's so right
When I see the love in your eyes
All that I wanna do
Baby is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you right from the start
With all my heart

I can't believe what's happened to me
You stepped right out of my dream
Like nothing I'd ever seen
And I will love you...For the rest of my life
Til forever is gone
You'll be the one

Woh-oh, cause baby I (baby I)
Never thought I would say
That baby you (baby you) are
My night and my day

It's so right
When I see the love in your eyes
All that I wanna do
Baby is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you right from the start
With all my heart

Wo-oh-oh, I know I'll be strong

(I'll be strong, I'll be strong, baby)
With you in my arms
(I want you in my arms)
Heaven brought us here together
We belong like this forever

It's so right
When I see the love in your eyes
All that I wanna do
Baby is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you right from the start
With all my heart

It's so right
When I see the love in your eyes
All that I wanna do
Baby is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you right from the start
With all my heart

(With all my heart, with all my heart)

Wo-oh-oh...With all my heart
